
Brazil: Strengthening health systems, supporting NCD action

As part of the NCD Alliance Program 'Strengthening Health Systems, Supporting NCD Action', [ACT+](#) [1] (Alliance for Tobacco Control + Health) is holding today a Health Systems Strengthening (HSS) meeting at PAHO headquarters in Brasilia.

The democratization of access to care is a key part of discussions relating to tobacco control and NCDs. This meeting will focus on how to guarantee equitable quality public health within a universal health access framework. The meeting will include 4 discussion panels:

- Panel 1 on health policy in Brazil
- Panel 2 on current challenges, innovation, health technologies and conflict of interest
- Panel 3 on the public - private health system interface
- Panel 4 on social participation and control
