
European Diabetes Forum (EUDF)

TOGETHER WE WILL SPEAK WITH ONE STRONG VOICE TO IMPROVE DIABETES CARE

Language English

EUDF has been created to bring together multiple stakeholders from across the diabetes landscape in Europe.

EUDF Mission: Ensure the translation of research into policy actions towards better diabetes care at national level.

EUDF Vision: We enable healthcare systems to cope with the diabetes pandemic, while achieving the best possible outcomes for patients.

About EUDF

The European Diabetes Forum (EUDF) is registered in Brussels as a non-profit organisation under Belgian law and has been founded by the European Association for the Study of Diabetes (EASD), the European Foundation for the Study of Diabetes (EFSD), the Foundation of European Nurses in Diabetes (FEND) and the Juvenile Diabetes Research Foundation (JDRF) to bring together multiple stakeholders from across the diabetes landscape in Europe.

Primary Care Diabetes Europe (PCDE), SFD (Société Francophone du Diabète), the International Diabetes Federation Europe (IDF Europe) and the International Society for Pediatric and Adolescent Diabetes (ISPAD) joined as well. The EUDF has pharma and medical technology companies as supporting collaborators, they joined EUDF under the umbrella of the EFPIA diabetes platform and the MedTech Diabetes Working Group.

EUDF's work on NCDs

EUDF wants to offer specific, achievable policy recommendations in three key areas:

- The use of health data to define, measure and achieve better outcomes;
- Empowering people with diabetes through digital technologies and innovative therapies;
- Rethinking health systems to focus on primary and integrated care.

EUDF established 3 Strategic Forums with experts to generate policy recommendations and ideas for implementation to allow discussions and engage on concrete projects with stakeholders and policy makers both at EU and national level.

Address

South Center Titanium
Marcel Broodthaers square 8/5
Brussels 1060
Belgium
