About NCD Alliance Kenya

NCD Alliance is a registered NGO in Kenya since 2012. It coordinates multistakeholder activities around noncommunicable diseases (NCDs) and liaises with the Government of Kenya including County Government actors working on NCD issues to create synergies and advance progress towards the realisation of NCD targets.

The Alliance is an independent watchdog, monitoring and making sure that all actors are accountable for their commitments around the Global Action Plan for the Prevention and Control of NCDs.
