

77th session of World Health Assembly (WHA77)

Language English

<https://www.who.int/about/accountability/governance/world-health-assembly>

In 2024, the seventy-seventh World Health Assembly (WHA77) will take place in Geneva from 27 May to 1 June 2024 with proceedings available via live stream.

[The World Health Assembly](#) [1] is the WHO's decision-making body. It's convened every year in May and its main functions are to determine WHO policies, programmes and budgets, in addition to appointing the Director-General.

WHA77 Resources and Events

NCD Alliance is collecting the details about all the NCD-relevant side-events in a calendar which is updated regularly. If you do not see your event on our list, please use [this form](#) [2] to provide us with some details and we will be happy to add the submissions to our calendar.

More details about NCD Alliance-hosted events

Time to Lead on NCDs! Charting the course to 2025: Priorities for the UN High-Level Meeting on NCDs

Time: Sunday, 26 May; 15:30 - 16:30 CEST

Venue: Campus Biotech, 9 Chemin des Mines, 1202, Geneva / with live streaming

The event will take place as a part of [the World Heart Summit](#) [5] and aims to gather esteemed leaders, advocates, and stakeholders engaged in the noncommunicable diseases, including mental health and neurological conditions (NCD) agenda to discuss strategies to accelerate progress on NCD prevention and care in preparation for the Fourth High-level Meeting of the United Nations General Assembly on the Prevention and Control of NCDs and Mental Health in September 2025. During the event leadership from NCD Alliance and World Heart Federation will be sharing civil society priorities for the HLM.

Note: Participation at the event is free of charge, but registration is compulsory.

Salt reduction: The key ingredient for more effective food policies

Time: Tuesday, 28 May; 8:00 – 9:30 CEST

Venue: InterContinental, Ballroom C, Geneva

Hosted together with Resolve to Save Lives, this event will emphasise the integral need for a focus on sodium reduction within comprehensive food policies.

The event will highlight:

- The potential for sodium reduction policies to address challenges posed by unhealthy diets and food environments
- Why focusing on sodium reduction policies makes economic sense
- How countries can implement effective policies that include an emphasis on sodium reduction
- Ways that sodium reduction policies can complement existing broader nutrition strategies

Note: Participation at the event is free of charge, but registration is compulsory.
