NCD Alliance's next capacity development webinar will be held on

Wednesday 16 October from 09:30-11:00 EST // 15:30 – 17:00 CEST through GoToWebinar.

The objective of this webinar is to share the most important elements to **ensure an effective resource mobilisation for an NCD alliance**, in order to ensure its sustainability.

The webinar will include **presentations from the NCD Alliance, ACT Health Promotion (Brazil), the Danish NCD Alliance and the Rwanda NCD Alliance**, who will share their experiences and lessons learned in mobilising resources for their alliances, and how they have done so with partners and supporters at the local, national and international levels. These

cases will help discuss and identify some of the characteristics and lessons learned on resource mobilisation, and encourage peer-to-peer knowledge sharing and support.

This third webinar is part of a series of three webinars we are organising this year as part of NCDA Advocacy Institute. The recordings and slides for the first two webinars on Strategic Planning for Alliances and Communication Campaign Strategies are available through '[My NCDA Hub](#) [1]'.

*The NCD Alliance's Advocacy Institute webinar series is a benefit of our member alliances to help them strengthen their coalition building work, but they are also open to all NCDA members and NGO supporters as it may help inform their own coalition building and capacity development work. **Invitations with registration details have been sent to NCDA members and NGO supporters.** You may also access these details at any time on [My NCDA Hub](#) [1]. Please note that from January 2019, live access to NCDA webinars (and recordings within days of broadcast) are an exclusive benefit to NCDA members (full and associate) and supporters. If you are not already a member or supporter of the NCD Alliance, and would like to learn more about the benefits of being one, please [click here](#) [2] to learn more and apply.*
