Watch the town hall event!

NCD Alliance and The Independent Panel for Pandemic Preparedness and Response convened a virtual public town-hall meeting titled '**Noncommunicable diseases: Affecting and affected by COVID-19**' on Thursday 25 March 2021. The event provided an opportunity to share insights on the dynamics of noncommunicable diseases (NCDs) on the COVID-19 pandemic, as well as ideas to secure a world better prepared to respond to a future pandemic.

The event listened to people with front-line experiences such as people living with NCDs, researchers, health care professionals and advocates to understand the direct health impacts of COVID-19 on those living with NCDs; on the challenges faced by people managing NCDs throughout this pandemic.

Evidence gathered through this session was to inform key themes in The Panel's Program of Work and contribute to [The Independent Panel's report findings](#). [1]
