
First national CSO consultation on NCDs in India

The NCD Alliance is actively supporting the newly formed Healthy India Alliance as part of our programme *"Expanding access to care, supporting global, regional and national action"*. This 25th to the 27th April, the Healthy India Alliance will be holding the first national CSO Consultation on NCDs, in New Delhi.

The consultation will have plenaries, as well as workshops, and discussions of the activities of the Alliance. NCD civil society mappings will be shared as well as the results of parliamentary and policy mapping.

Download the Healthy India Alliance brochure, in the box below.
