## **Food Revolution Day 2015: Join the campaign!**

Food Revolution Day will be celebrated on 15 May 2015. It is a global campaign by Jamie Oliver to put compulsory practical food education back on the school curriculum and raise awareness about the global obesity epidemic.

"We're currently facing a global obesity epidemic, 42 million children under the age of five are either overweight or obese across the world and NCDs, which include diet-related diseases, are the worlds biggest killers. The bottom line is the next generation will live shorter lives than their parents if nothing is done to rectify these alarming stats", said Oliver.

There are two ways you can get involved and help make a difference – first, sign this [petition](#) [1] to show your support for compulsory practical food education in schools across the world, then, most importantly, share it via your [social networks](#) [2].

Join the conversation online #FoodRevolutionDay and stay up to date with the campaign at [www.foodrevolutionday.com](http://www.foodrevolutionday.com) [3].
