
NCD Alliance publishes new advocacy briefing for WHO EB148

©  WHO Twitter

The 148th annual WHO Executive Board (WHO EB) begins today until Tuesday 26 January, when Member States will agree upon the agenda for the World Health Assembly and the resolutions to be considered by the Assembly. Within these pillars, the NCD Alliance has identified key items that are relevant for the global NCD agenda.

This year, the WHO EB agenda is based upon four pillars:

- Pillar 1: One billion more people benefitting from universal health coverage;
- Pillar 2: One billion more people better protected from health emergencies;
- Pillar 3: One billion more people enjoying better health and well-being;
- Pillar 4: More effective and efficient WHO providing better support to countries.

Within these pillars, the NCD Alliance has identified **key items that are relevant for the global NCD agenda**, which you can read in our [Advocacy Briefing - EB 148](#) [1]. [NCD Alliance has also published a joint statement](#) [2] from WCRF International, UICC, World Obesity Federation, supported by NCDA on Agenda Item 6: Political Declaration of the third high-level meeting of the General Assembly on the prevention and control of noncommunicable diseases.

You can also access the following WHO EB resources:

- A full [agenda](#) [3], [available documents](#) [4], [schedule for late documents](#) [5] is now available.
- [Schedule of ongoing negotiations between missions](#) [6] (resolutions and decisions).
- [Preliminary Daily Timetable](#) [7]
- [NCDA event page](#) [8].
