Next round of LINKS one-time grants is now open!

Published on NCD Alliance (<https://ncdalliance.org>)

LINKS members are eligible to apply on behalf of government, non-governmental organisations, or the private sector for one-time, catalytic grants to improve cardiovascular health in low- and middle-income countries (LMICs).

LINKS is an online community and resource-sharing platform that connects people working to improve cardiovascular health around the world. These grants, which are limited to a maximum value of \$200k USD and a time-frame of up to two years, are provided to programs that focus on hypertension control, salt reduction or the elimination of artificial trans fat.

The next round of grant funding is now open for LINKS members.

Applications will be received until June 15, 2019.
