
The FCTC is 10: Should we celebrate?

*Tobacco Control would bring
the single biggest blow to heart
disease, cancer, diabetes, &
respiratory disease."*

- Dr. Margaret Chan

WHO Director-General

NCD Summit, 2011

February 27 will mark the 10th anniversary of the WHO Framework Convention on Tobacco Control (FCTC), the first global public health treaty. Today the FCTC has 180 Parties, making it among the most widely-adopted international instruments.
