NCD Alliance

ACCELERATE IMPACT

Become an NCD Alliance member

The NCD Alliance (NCD Alliance) is a unique civil society network, dedicated to improving noncommunicable diseases (NCDs) prevention and control worldwide by delivering policy change that protects populations from the preventable suffering, stigma, disability and death caused by NCDs.

Why NCD Alliance matters

We unite and lead the global civil society movement on NCDs, bridging a broad community of disease and risk factor groups for a common cause, including development actors.

We have a proven track record in focused, result-oriented and evidence-based advocacy to bring about policy change at the United Nations (UN), World Health Organization (WHO) and with governments.

We convene the NCD civil society movement across countries, regions and worldwide, and we mobilise 65+ national and regional NCD alliances.

We engage with people living with NCDs to create opportunities for their voices to be heard at global and national level, helping to place those most affected by NCDs at the heart of the response.

“Membership with NCD Alliance has been a great way to share WCRF’s expertise, showcase our activities and resources and actively engage in coordinated global advocacy around WHA and UN. The PLAN on NCD Prevention will be an invaluable way to continue and enhance our engagement with the wider NCD community and collaborate on issues that are mutually important.”

Kate O’Donoghue-Turner, World Cancer Research Fund International, NCD Alliance member

5 REASONS to become a member

- 1. Together, we are stronger**
Join a movement of like-minded organisations committed to advancing the global NCD agenda and connect your national or regional work to the global level, capitalising on opportunities to amplify your efforts and drive change.
- 2. Stay informed**
Receive regular snapshots of cutting-edge information on NCD policy issues with examples of good practice, access ‘My NCD Alliance’ and keep track of the latest developments through insightful NCD Alliance updates, and engage in global NCD policy processes at the UN and WHO through our webinars, high-level events and advocacy briefings.
- 3. Strengthen your impact**
Reinforce your organisational capacity with tailor-made resources and online and face-to-face training opportunities on advocacy, coalition building and priority policy issues, and boost your visibility by showcasing your work through NCD Alliance’s global communications platforms.
- 4. Join our global, regional and virtual convenings**
Participate in NCD Alliance’s virtual convenings, Our Views, Our Voices regional summits and the Global NCD Alliance Forum to leverage your work while connecting with international experts, and engage in the Peer Learning Advocacy Networks (PLANs), a platform to encourage peer-to-peer learning by drawing on lessons among NCD Alliance members on specific policy areas.
- 5. Have your say**
Provide input on NCD Alliance’s policy work, advocacy priorities and messaging, get involved in our campaign efforts and engage actively in NCD Alliance governance through the General Assembly and by helping shape and implement NCD Alliance 2021-2026 Strategic Plan.

PEER LEARNING ADVOCACY NETWORK

The Peer Learning Advocacy Networks (PLANs) provide a coordination and peer-to-peer learning platform to NCD Alliance members, offering a safe space to share intelligence, advocacy strategies and actions on specific policy areas. The PLAN on NCD Prevention will explore and learn from members’ experiences advocating on NCD risk factors. The PLAN on An Inclusive NCD Agenda will allow members to advance advocacy efforts for tackling NCDs in a comprehensive manner, including NCDs not captured in the ‘top 5’ approach and addressing NCD co- and multimorbidity.

NCD Alliance and associate members are invited to nominate up to two representatives from their organisations to take part in each PLAN, and will be actively engaged in the development of other Peer Learning Advocacy Networks.
