Language English
For the NCD Alliance, 2020 has been a year dominated by COVID-19, requiring us to adapt organisationally, strategically and financially to the global pandemic and the virtual way of working. NCDA successfully pivoted many of our main functions to virtual platforms, including capacity development training programmes, high-level advocacy events, and media briefings for journalists.

Extended Description:
For the NCD Alliance, 2020 has been a year dominated by COVID-19, requiring us to adapt organisationally, strategically and financially to the global pandemic and the virtual way of working. NCDA successfully pivoted many of our main functions to virtual platforms, including capacity development training programmes, high-level advocacy

events, and media briefings for journalists.

We also implemented a strategy in response to COVID-19, build around three main pillars - supporting members, meaningfully involving people living with NCDs, and building a narrative and driving advocacy.

The 2020 annual report provides a snapshot of the activities and achievements of NCDA and our extensive constituency. It also includes a summary of financial statements. The report serves as a testament and heartfelt thank you to our community as we move ever closer towards meeting our common goal: to reduce the NCD burden for people everywhere.
