Our Views, Our Voices
Published on NCD Alliance (https://ncdalliance.org)

Our Views, Our Voices is an initiative that seeks to meaningfully involve people living with NCDs in the NCD response, supporting and enabling individuals to share their views to take action and drive change. The Our Views, Our Voices initiative is built around four main pillars of work: consultation; campaigns; communications; and capacity development.

Our Views, Our Voices seeks to put people first [1] in the NCD response. The initiative aspires to break down stigma and discrimination, equipping people living with NCDs with the skills, knowledge and opportunities to be leaders and active players in growing the NCD movement.

Advocacy Agenda

The Advocacy Agenda of People Living with NCDs, launched in December 2017, was built with the generous input of 1,893 people living with NCDs who took part in the Our Views, Our Voices consultation efforts.

It provides a compass for NCD advocacy efforts and functions as a living document that captures the priorities of people living with NCDs. It is intended to guide and support efforts of key stakeholders to improve NCD prevention and control. Click here [2] to find out more about the Agenda!
Community Conversations

72 in-person community conversations were conducted in 16 countries during the summer of 2017 to identify common issues faced by people living with NCDs and provide recommendations on how people living with NCDs would like to be meaningfully involved in the NCD response.
