

Community Conversations

Language English

Community conversations with people living with NCDs are an excellent way to inform and shape NCD advocacy efforts.

Community Conversations were conducted around the world to inform the Advocacy Agenda of People Living with NCDs by promoting thoughtful, constructive, collaborative, empowering dialogue among people living with and affected by NCDs.

Community Conversations were conducted around the world to inform the Advocacy Agenda of People Living with NCDs by promoting thoughtful, constructive, collaborative, empowering dialogue among people living with and affected by NCDs.

As part of the *Our Views, Our Voices* consultation process leading to the creation of the Advocacy Agenda of People Living with NCDs, 72 in-person community conversations were held between July and September 2017 in 16 countries around the world, involving 935 people living with NCDs, to better understand needs, challenges, and priority “asks”.
