Language English

The NCD Alliance (NCDA) membership structure helps create a sense of community and solidarity with like-minded organisations.

NCDA members are committed to advance the global NCD agenda for a world where everyone has the opportunity for a healthy life, free from the preventable suffering, stigma, disability and death caused by NCDs.

[1]

NCDA membership structure helps create a sense of community and solidarity with like-minded organisations. Our membership is open to civil society organisations and alliances from international, regional and national levels engaged in NCDs; to organisations working across and within the NCD community; and to broader global health and development organisations that have a specific and dedicated focus on NCDs.

When you become a member of NCDA, you help build the reach of a global network that extends across more than 170 countries. Through your membership, you grow and strengthen our collective potential and power to drive change and effective action on NCDs across global regions and development sectors. In this way, you help activate and strengthen civil society's capacity to connect global and local issues and the actors striving to address them.

Members access a [range of benefits](#) [2] designed to enhance visibility, networking and information-sharing to support their work. Joining gives you access to various channels and platforms for deeper engagement between partners and allies working on similar themes or sharing similar challenges, and also to a number of thematic, interest-based or regional sub-networks of the NCD community.

Key reasons to become a member of NCDA
