What is CLM (and what isn't CLM!)

What CLM is

- Focussed on community priorities
- Recurring and routine
- Used to advocate for change, find collective solutions and improve lives
- Designed, implemented and carried out by communities
- Collecting information measured in numbers, and also experiences

What CLM is not

- Focussed on priorities of donors, governments, research institutions etc
- One-time survey, report or snapshot
- Data for data's sake
- Routine M&E by MoH or other ministries
- Limited to data measured in numbers only

What are the Steps to implement CLM?
