Making the case for NCDs: Sustainable Investments, Smarter Financing

Against the backdrop of the 69th World Health Assembly in Geneva, and in follow up to the adoption of the Addis Ababa Action Agenda (AAAA) and UN Sustainable Development Goals in 2015, this side event will provide an opportunity to examine the challenges and opportunities for scaling up sustained financing for health and non-communicable diseases (NCDs). A panel discussion will explore effective and practical solutions for mobilizing blended financing streams for health and NCDs in the era of sustainable development, as well as the necessary tools to support resource mobilisation, such as a global investment framework for NCDs.

Panelists:

- Dr Matshidiso Moeti, Regional Director, WHO Africa Region;
- Dr Janette Loreto-Garin, Secretary of Health, Department of Health, Republic of the Philippines;
- Dr Philippe Douste-Blazy, United Nations Special Advisor on Innovative Financing for Development;
- Dr Rachel Nugent, Vice President, Global NCDs, RTI International;
- Honorable Suresh Kumar, Executive Vice President, External Affairs, Sanofi.
