  - UHC
  - Financing for health
  - Global health security
WHO Global Conference on NCDs
Montevideo, Uruguay
18-20 October

Katie Dain
NCD Alliance
The Conference aimed to:

• Provide guidance to Member States on how to fast track efforts to attain SDG target 3.4 by influencing public policies in sectors beyond health;

• Launch a set of new global initiatives to help countries accelerate progress in reducing premature NCD mortality;

• Exchange national experiences in enhancing policy coherence to attain the 9 voluntary global NCD targets for 2025;

• Help raise awareness among political leaders for the 2018 UN High-Level Meeting and guide its preparations.
Participation

- **HoS/HoG**: Argentina, Chile, Morocco, Paraguay, Uruguay, Zimbabwe (video message from Finland; Brazil sent apologies)
- **42 Ministers**: incl. Argentina, Bhutan, Brazil, Chile, Columbia, Ecuador, Finland, Guyana, Hungary, Kazakhstan, Panama, Paraguay, Russian Federation, St Kitts & Nevis, Saint Lucia, South Africa, Sri Lanka, Suriname, UAE, Uruguay, Zambia, Montserrat
- **Total of 429 participants**: from gvts (87), UN agencies, NGOs, private sector entities, philanthropic foundations, and academic institutions
High-Level Segment

- Presidential address & ministerial panels
  - Championing action around the world
e.g. Sri Lanka MoH: Sri Lanka to tobacco production free by 2020
- Dr Tedros’ [presidential address](#):
  - “Governments must act on pledges to prevent [NCDs] in the first place, and to ensure that people can obtain services to treat them. Failure to do this imposes massive costs on individuals and communities. It totally contradicts global commitments to sustainable development.”
- Appointed President Vazquez as Co-Chair of [High-Level Commission on NCDs](#) with Sania Nishtar
- Announced President Mugabe as Goodwill Ambassador for Africa
High-Level Segment

- Adoption of the Montevideo Roadmap:
  - Negotiated outcome document intended to guide global preparations for 2018 UNHLM on NCDs
  - Reaffirms global NCD commitments & highlights challenges such as:
    - Uneven & insufficient progress to reduce premature NCD deaths;
    - Industry interference and trade taking priority over public health;
    - Lack of high-level political leadership to make health promotion and NCD prevention & control a whole-of-government issue.

“Beating NCDs, and promoting health, are issues for everyone and across every area of government. Finance ministries save lives by taxing tobacco, alcohol and sugary drinks, by cutting consumption and raising revenues to treat NCDs. Trade and investment agreements should not be used as an excuse to look the other way... Education ministries need to ensure our youth are well informed..., that schools make available healthy food and provide opportunities for play and recreation.”

- Tabaré Vazquez, President of Uruguay
WHO High-Level Commission on NCDs

• Co-Chairs: Dr Sania Nishtar, President Tabaré Vazquez

• Scope and objectives: Still being determined. From discussions:
  • Guide preparations for 2018 HLM on NCDs – e.g encourage HoS/G participation?
  • Both a political and technical focus
  • Support implementation of WHO best buys?
  • Suggest how to operationalize OD in follow-up to UNHLM?

• Composition: TBC. Other political members being discussed (e.g. Finland, Russian Federation). NCDA and others pushing for CSO representation.

• Potential report April 2018 (to feed into OD negotiations?) followed by another after HLM (TBD)
Expert Plenary, Wednesday 18 October

• Bloomberg Philanthropies, Dr Ala Alwan, FCTC secretariat, NCD Child, NCD Alliance, Sir Michael Marmot – strong calls for high-level political action, focus on PLWNCDs, social & commercial determinants, lack of financing

Workshop sessions, Thursday 19 October

• Workshop sessions – innovative solutions, lessons learnt & best practice

Closing Plenaries, Friday 20 October

• Getting to 2030: Innovative initiatives
• The way forward: Ilona Kickbush, Sania Nishtar, Sandeep Kishore, Carissa Etienne et al. “As a physician and advocate, I am done talking. It’s time for action on #NCDs.”
Side events

• Bloomberg Philanthropies: A Global Tour of Policy Advancements in the Area of Obesity Prevention

• NCD Alliance Breakfast: Speaking up: Amplifying the voices of lived experience in the movement to #BeatNCDs

• GCM/NCD & GACD: Implementation Research to Accelerate Progress in NCD Prevention and Control in Countries

• NCD FREE Luncheon: Shifting the frame: How can we use tangible success stories to generate momentum on NCD action?
Promotion of new WHO Initiatives

• Re-launch of “Tackling NCDs” – WHO’s updated set of **Best Buys** for NCDs
• **RESOLVE Initiative** in partnership with: Vital Strategies
• **GLOBAL HEARTS Initiative** comprising:
  • HEARTS
  • SHAKE
  • MPOWER
• **High-Level Commission on NCDs**
• **Regional collaborative initiatives**, e.g. The Americas & Caribbean Healthy Food Environment Network; Pacific ECHO Network
Civil Society Meeting with Dr Tedros

Objectives:

• **Appointment of President Mugabe as WHO Goodwill Ambassador for Africa**: CSO shock and concern, both from NCD (tobacco control and health systems perspective) as well as broader human rights violations

• **2018 UN High-Level Meeting**: Focus on *process*, i.e. lessons learnt from previous HLMs; high-level; September; negotiations of its Outcome Document (NYC vs GVA)

• **WHO General Programme of Work (GPW)**: NCDs higher priority & sufficiently resourced; thought leadership by WHO on Commercial Determinants

• **Collaboration between WHO & NCD Civil Society**: strengthen the way we work together; inclusion of CS on WHO HL Commission; invitation to suggest political champions
Response to Mugabe Appointment

• NCD Alliance organised a joint **CSO statement**. 25+ CSOs signed on and published Friday;
• Widespread international media coverage and reactions from opinion leaders;
• WHO DG rethinks approach, and decides to **rescind appointment on Sunday**;
• NCD Alliance issues **response** to decision.

“Over the last few days, I have reflected on my appointment of HE President Robert Mugabe as WHO Goodwill Ambassador for NCDs in Africa. As a result I have decided to rescind the appointment.”
Conference Media Coverage

• **Major global and national media outlets** reported on the Conference, but main focus on Mugabe appointment;

• **First time NCDs received extensive international media coverage** over 100 articles in multiple countries/languages around the world incl. BBC, New York Times referred to CSO statement, incl. mention of NCD Alliance, World Heart Federation, ASH, Cancer Research UK;

• **Social media:** 2 NCDA tweets w CS statement alone had over 55,000 & 3000 engagements (read/share).

Appearing in Edmonton on Saturday, Mr. Trudeau told reporters that he thought the choice of Mr. Mugabe was “a bad April Fool’s joke,” according to the local news media.

Twenty-eight health organizations, including the NCD Alliance — which works with the W.H.O. and other global groups to battle noncommunicable diseases — **released a statement** expressing “shock” at the appointment.
Main Takeaways

• **Promising to see HL political leadership on NCDs** (e.g. Argentina, Uruguay, Chile), particularly President Vazquez a key champion – political champions **need to extend beyond Latin America**.

• Showcasing **successes at country-level** demonstrates what can be achieved with political leadership – must focus on what works.

• **Collective acknowledgment of major bottlenecks** (e.g. lack of financing) critical to propose solutions to galvanize commitments in 2018.

• Montevideo Roadmap negotiations critical “preparation” for 2018; **need strategic engagement on issues MS pushed back on**, e.g. Best Buys

• Mugabe appointment showed that **NCD civil society can coordinate and mobilise quickly**. Will be critical for 2018.

• WHO DG Dr Tedros **open to listening and working with civil society** – a very welcome approach.

• Urgent need for coordinated advocacy on the **process for 2018 UN HLM on NCDs**! At missions and in capital.
Main Takeaways and Next Steps

2018 UN High-Level Meeting TOP PRIORITY!

• Process, process, process: Highlight process w your government

  1. High-level Meeting attended by HoS/HoG
  2. 2-day meeting in September ahead of UNGA73
  3. Outcome Document negotiated in New York (political, not technical; development issue)
  4. UN Civil Society Task Force to ensure active participation CSOs & PLWNCDs; hold Civil Society Hearing at least 2 months be4 UNHLM

• Share suggestions for potential political champions for UNHLM
• Mobilize political blocs: e.g. G20/G7, Commonwealth, AU, ASEAN...
• Raise awareness on Financing Conference for NCDs in April 2018
• NCDA survey on outcome priorities out soon – stay tuned to share & respond!
Leverage media & shift focus from Mugabe to NCDs

Outcry from HoG (e.g. Prime Minister Trudeau) in reaction to Mugabe...but who is stepping up in his place?

• **Follow-up with national media** covering Mugabe appointment offering op-ed on the issue to call for more HL leadership on NCDs – *NCDA can help with messaging as needed*

• **Identify opportunities to engage you HoS/HoG**, especially if reacted to Conference / Mugabe announcement – *share your plans with us*

- Statement on NCD agenda item
WHO WPRO Regional Committee Meeting

• Progress report on **NCD prevention and control** [WPR/RC68/11]: Salt reduction initiatives were supported in China, the Federated States of Micronesia, Mongolia and Viet Nam. Brunei Darussalam and Malaysia piloted a globally developed technical package to increase physical activity. ‘Healthy settings’ approach encompasses **schools** (Cambodia, Fiji, Tonga and Viet Nam), **cities** (Cambodia, China, the Lao People's Democratic Republic and the Philippines), **islands and villages** (Cook Islands, the Federated States of Micronesia, Fiji, Kiribati, Samoa, Solomon Islands and Vanuatu) and **restaurants** (Brunei Darussalam).

• Progress report on **mental health** [WPR/RC68/11]: Since 2014, national mental health **policies and plans** have been endorsed in 9 countries.

• Resolution [WPR/RC68.R3] adopted on **protecting children from harmful impact of food marketing**. 69-90% of all marketing of unhealthy food products in the region targets children.

• Progress report on **Tobacco Free Initiative** [WPR/RC68/11]: Smoking has **declined** in 2/3 countries and areas in the Western Pacific Region in recent years. 7 countries recently raised **tobacco taxes**. So far, Mongolia is the only country in the Region to ratify the **Protocol to Eliminate Illicit Trade in Tobacco Products** – industry interference is a challenge.

• Resolution [WPR/RC68.R4] on **health promotion in the sustainable development goals** makes reference to **NCDs** and **urbanisation**.

• Side event on rheumatic heart disease, hosted by World Heart Federation

• Joint Statement on NCD Agenda Item with WCRFI

WHO AFRO RCM67 Agenda Items for NCD

• Opening address by WHO DG emphasized NCD as an emerging serious health problem in Africa that must be prioritised

• RC67-9: Reducing health inequities through inter-sectoral action on the social determinants of health

• RC69-10: Framework for health systems development towards universal health coverage in the context of the sustainable development goals in the African region

• RC67-11: African regional framework for the implementation of the global strategy on human resources for health: workforce 2030

• RC67-12: Regional framework for integrating essential non-communicable disease services in primary health care
WHO AFRO- RCM 2018

• **Next AFRO RCM:** 27 to 31 August 2018 in Dakar, Republic of Senegal

• **Agenda includes:**

  • 13. Regional framework on Diet and Physical Activity in the African Region
  • 14. Progress on the achievement of the four time-bound commitments on NCDs in the African Region
  • 15. Regional Strategy for revitalizing and strengthening district/local health systems
  • 16. Regional Strategy for strengthening hospital and clinical services
CONCLUSIONS - 1

- NCDs are eventually being recognized by African governments and other regional bodies such as AU, EAC and SADEC as important health problems
- WHO-AFRO has now firmly entrenched NCDs in its agenda on future RCM and activities
- AFRO region still has significant other health problems to tackle in addition to NCDs (mother and child health, malaria, HIV/TB, malnutrition and diarrheal diseases and neglected tropical diseases)
- Need for Integration of health services and efficient utilization of resources for health
- Need for Multi-sectoral approaches for NCD prevention & care
Mainstream health in all government ministries and all sectors

Increase AFRO region budgetary allocation to health (many below 5% against Abuja Declaration of 15%)

Implement strategies for sustainable healthcare financing and UHC

Strengthen Health systems for NCDs through HRH strategies & Workforce 2030, supply of NCD EMTs, BCC strategies.

Collaboration mechanisms between NCD organizations in Africa with joint advocacy front

Strengthen African NCD Alliance network advocacy
